Service Interruptions

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- A Winter Weather Watch is in effect from Friday afternoon through Sunday morning for NE California.
 - A strong winter storm is expected to impact Northern California Friday afternoon through Sunday morning.
 - Light snow showers possible Friday afternoon over the Sierra becoming heavy by early evening for elevations over 5500 feet.
 - Heavy snow will continue through Saturday into early Sunday morning.
 - Snow combined with strong winds could significantly reduce visibility.
 - Mountain travel will be hazardous and is not advised.
 - If travel is necessary, carry chains and expect lengthy delays.
 - Snow showers will continue through Sunday morning.

SOUTHERN CALIFORNIA

- A Flash Flood Watch is now in effect for all coasts/valleys/mountain areas from 0600- 1800 hours, 12/04/19.
 - A quick moving storm system will bring rain and high elevation mountain snow Wednesday.
 - The majority of the rain and snow will fall Wednesday morning to early afternoon.
 - Greatest threat for flash flooding will be Wednesday morning into early afternoon.
 - Snow levels will start above 8000 feet Tuesday night, dropping to 7000 feet by Wednesday afternoon before falling to as low as 6000 feet Wednesday evening.
 - By the time snow levels fall to their lowest elevation, the bulk of the precipitation will be over. Most of the snow will accumulate above 7000 feet.
